The cost of generation from such diesel based generating units is very high. Further these generating stations are not very clean and may affect the ecology of the A&N Islands.
 - 2.0 In order to make a gradual shift to the green power, the Andaman & Nicobar Administration on 27th November, 2009 has signed a Memorandum of understanding (MoU) with NTPC for development of a 5 MW Solar PV based project in South Andaman and a 1 MW Solar PV based projects in Middle Andaman. A copy of the MOU entered between A&N Administration & NTPC is attached as **Annexure - I**.
 - 3.0 For evacuation and sale of power from these projects will be as per the terms and conditions of the Appropriate Electricity Regularity Commission and entire power generated from the solar plants will be sold to Andaman & Nicobar Administration, after executing Power Purchase Agreement (PPA) with the developer selected through open competitive bidding..

Thus JERC, under section 86(b), has the power to regulate electricity purchase and procurement process of Electricity Department, Andaman & Nicobar Islands including the tariff at which electricity is to be procured from the generating companies through agreements for purchase of power for distribution and supply within the Area.

6.0 Further, Sub-Clause(3) of clause (17) of the Joint Electricity Regulatory Commission for the state of Goa and Union Territories (Terms and conditions for determination of Tariff), Regulations 2009 has specified as under:

7.0 In view of the above, it is requested that the Hon'ble commission may kindly provide 'In-Principal' approval for purchase of power from Developer from its proposed solar power plants as per the terms and conditions of tariff specified by the CERC. On getting the In-Principal approval from Hon'ble commission PPA shall be entered with the Developer selected through open competitive bidding for purchase of entire power form the proposed power plants.
